Dear Betty Jean:

It is with regret that I will be unable to attend the dinner this coming Saturday. I wish to thank you for thinking of me and for sending me the letter and post card. If at all possible, I will try to come by the beach party as soon as I get off work to at least say hello to everyone.

Betty Jean, I wish to compliment you for the fine job you are doing in having these reunions. I think it is just wonderful for you to show this much interest. Hope I can see you Saturday before 3:00.

Sincerely

Dear Betty Gene,

Thanks for the card. Mrs. Kenneth Wydler (Virginia Fox) address:

3435 Charleston St.

Annandale, Va.

Incidentally, Virginia is a widow, Ken having died in 1963. I don't know Betty Moyer's (excuse, I mean Betty Bacon's) address but her brother lives in Coronado and you might call him (or preferably his wife) and obtain it. His name is John S. Moyer, 526 Glorietta 435-4626.

I now find that my wife will be able to accompany me to the reunion; so if it isn't too late I would like to add one to my reservation for the dinner at the Mexican Village on the 30th. Check enclosed.

Regards to all,

Committee
25th Anniversary Reunion
Coronado High School, Class of '41
667 J Avenue
Coronado, California 92118

Dear Committee Members, ie, Fritz, Bud, and Betty:

Due to other commitments, and namely work, it's with much regret that I will be unable to attend the 25th Anniversary Reunion of "our" Class of '41. That you have remembered me each year by your invitations, and despite the fact that I have yet to attend one of the reunions, nevertheless, I shall be forever appreciative of your thoughtfulness. However, let me assure you that I will attend one of the reunions at my first opportune time. I have no doubt but that they will continue for many years to come....and naturally I expect to live to the ripe old age of at least 100 years!

While I have not lived in Coronado since November of 1942, and primarily because of the twenty years I served in the Army, and subsequent civilian employment, nevertheless, my dear mother who still resides in "our" wonderful city of Coronado has on each occasion forwarded your invitations to me. I do however visit my mother once a year when I am on vacation during the months of either March or April.

Assuming that you might be interested to know what the future held in store for me shortly after my graduation from CHS, hurriedly, here's a resume of same. I entered the Army as a Private on November 29, 1942, and retired therefrom as a Chief Warrant Officer on May 31, 1963. Not only did my Army service take me completely around the world two and a half times, including China and East Berlin, but the experience I gained from it has been invaluable to me. For three months (June-August '63) after my retirement I was an investigator and/or agent for a private detective agency (Industrial Investigation Bureau) in Sacramento. In September of '63, I began what I thought I would like to make another career at as a Correctional Officer at Folsom State Prison. However, it took two and a half years for me to discover that prison work wasn't for me, and thus I resigned therefrom on March 28 of this year and accepted my present job as a Calif State Policeman.

Should you by chance know of any members of "our" class who are residing in the San Francisco-Oakland Bay Area, please advise me of their addresses and/or should you write to any one of them advise them of mine. I live about a "stone's throw" from the Univ of Calif at Berkeley. My units' headquarters (Calif State Police) is located in the Calif State Building at 350 McAllister St, San Francisco.

I tried marriage for awhile (three years) shortly before I retired but I just couldn't seem to make a go of it. I'm afraid I waited too long. Needless to say that the service "regimented" me too much. So, as it is, I'm just one amongst many bachelors.

Again, I am very appreciative of your invitation. And while I can not be with you in person, be assured that I will be with you in spirit.

Wishing each and every one of you all of the very best, and that your reunion is a big success, I remain - - - - -

Sincerely yours,

Paul

THE FRESNO BEE

LEO DOLLAR

FRESNO, CALIFORNIA 93721
July 21, 1966

Dear Betty Gene,

Please exercise my proxy and give my greetings to the gang (or at least as much of it as makes it to the reunion) when you get together for the beach party and the dinner bash July 30. I will have to pass on this one; it is impossible to re-arrange my schedule enough to hook up the correct timing.

Many factors interfere: I had made up my department's vacation schedule long before I realized we would be having a reunion, and to change now would spoil my No. 1 helper's plans for the coastal deer hunt in his hometown in the Mendocino hill country. I had promised him that privilege and would not think of spoiling it. Good men like him are too hard to find in this business.

Secondly, this season seems to be demanding more than the usual amount of longer distance travel on stories and features that are too good to pass up. I just recently finished three days at the national enologists' (little old winemakers) meeting at Lake Tahoe. I have two other good sized statewide sessions on citrus growing and citrus nursery regulation coming up before the vacation which will call for lots of hustling to finish in time to leave August 1 for a Disneyland trip of two days with the week winding up at Coronado. The sessions will be in Riverside and Fallbrook; too bad I can't just jog on to Coronado.

I am also busy scouting up a replacement for one of our Sacramento men who is leaving our department to go to Tennessee, of all places. The boss at Sacramento had no luck finding one, so he dropped it in my lap because I lucked out and found the last three new hands we have signed on in the last three years. So, for a while I am doubling in brass as a personnel man as well as a farm editor. Good agriculture journalism prospects show up about as frequently as bicuspid in a White Leghorn, but it is sort of fun to sift through the offerings.

It is hard to believe that ~~the~~ five years have passed since the last reunion, but I have to be realistic and realize I had been raised to farm editor just a little more than a year when we assembled the last time and that was in 1961.

As to events with our clan since last reunion, I have an entirely new crew in my department of first class, highly promising young hands. Frankly, I skimmed off the best of the prospects for Fresno before tipping the boss at Sacramento any were available, thus replacing one slow-poke I was delighted to see leave and one extremely able friend and fellow writer who left for the public relations business. (we speak of him in the same tones Iowa parents reserve for a daughter fallen in harlotry).

We will be making another family trip down that way the first full week of September with our boat for our usual ocean fishing week around Pt. Loma and La Jolla keep beds. We put in a very full week in

similar fashion last Easter vacation. My boys figure that is the world's best possible way to put in a week, aside from tackling the high Sierra. And that is what we will be doing in the August 21-27 week with our Boy Scout Troop and Explorer Post. Brooks is in the Explorers and Jeff is still a boy scout.

Each year the troop makes a one-week trip into the Sierra, backpacking in just far enough to get away from the usual drive-in fishermen and get in plenty of trout fishing and just enough scouting to show a good amount of advancement in ranks and merit badges at the first court of honor of the fall season. I missed one troop committee meeting last winter and found I had been selected by my friends and neighbors as an assistant scoutmaster (in the same democratic fashion that I joined the forces of freedom in early 1943).

I feel a brag coming on when I mention Brooks. As you remember, he is my deaf boy, and he has accomplished an immense amount of achievements in spite of this handicap. He still is a long way from an accurate speaker, but his work in school has been amazing. He finished junior high school (7th, 8th and 9th grades here) this June on the merit list and was named one of the outstanding citizens of the graduating class. Making the merit list required just barely under a B average in grades, plus extra-curricular activity in student government projects, sports or the school specialty clubs. He lettered in track all three years (220 yards, mile relay, 440 relay, cross country and 100 yards). And according to his teachers and the coach "everyone knows him and is his friend."

He and Jeff are both on their way to being midgets, as you will recall from your visit when you drove through Fresno. Brooks is now 6 ft. 5 in. tall at just barely 17 years. Jeff stands 6 ft. even and wears my shoes in a perfect fit and is close to fitting my jackets too, and he is just 14. (I think I will secretly enroll in a judo class.)

The scouting work has just grown (like Topsy or some kind of mistletoe infestation). I started helping a bit on the sidelines because I did not think we should make the scoutmaster a uniformed baby-sitter, providing a bit of transportation and then taking on the marksmanship class so the little knuckleheads would not blast somebody into limbo and then supervising the Explorers when their leader was clobbered in a car wreck. The next thing I knew I was handling hunter-safety as a Nat'l Rifle Ass'n instructor through Calif. Dept. Fish & Game and now the scoutmaster's hole ace (I think that's what he said) with the Explorers.

We have a thing going called Operation Checkmate, a conservation project in which we cut out the lodgepole pines and cedars that are encroaching on high Sierra meadows from the timberstand and build small earth and log dams to raise the meadows' water table to bring back the grass. The troop and post won the national Halliday award for this a

year ago and the publicity has encouraged dozens of other troops to join in to the point that our Explorers now handle the organizational work of assigning meadows to the other troops and showing their scouts how to cut the trees safely and properly and then use the cuttings for dam building.

It eats into weekends a bit but it gets me and my boys up into the high country more often than we had been for quite some time and we always make sure there is enough time morning and evening for a spot of trout fishing for everyone who had the forethought to bring along a rod and line. Strangely enough, we have had only two trips on which the weather was absolutely uncooperative in three years.

Ye Gods, this has run far too long. All my best to one and all.

LOUISE BEASLEY GALPIN 23 JULY

Dear Betty Gene,

Do forgive us for being so late in answering the invitation to the reunion festivities!

All 5 Galpins have been visiting Mother and enjoying California after a 3 year absence.

We returned to the U.S.A. in December after spending a 30 month tour in Ankara, Turkey where Harry was assigned to the Air Force Section-JUSMMAT (JOINT UNITED STATES MILITARY MISSION FOR AID TO TURKEY). His new assignment is at Hqs. USAF, The Pentagon. He was able to get a 30 day leave but had to return to duty 21 July. The girls and I will remain at Mother's for another two

Weeks. Had I not planned:
a Trip with Anne and Ed
I would be there, with
bells on, to represent The
Galpus — by the way, Allan
is still in Minneapolis with
lovely wife and 5 gorgeous
children. (union)

What data can I give you?
We have just celebrated a
Happy 18th Anniversary!
Harry is now a Lt. Col.!!
Our bewildering ex-spring are
all females, ages 13, 10 and 8!

Shall miss seeing all of
you — have a TACO for us!

Best regards to all —
Louise

Dear Classmates,

Thanks, very much for the invitation to the reunion. Sorry that I can't make it, but as was the case for the 20th reunion, I will be in Paris.

Somehow, I have never, in these last twenty five years, been able to get an assignment on the West Coast; but as a second choice, Paris isn't too bad. Please give my best to all the 41'ers that are there and to any who might get to Europe in the next three years, please call me at the Embassy in Paris.

Dear Betty Gene,

Although we will not be able to attend either affair we will be with you all in spirit for both affairs. I wish we could be there in spirits too.

It is certainly hard to realize that 25 years have slipped by since our graduation. I hope the next 25 pass a little more slowly and I hope a little ^{less} happens to us all.

Mildred is going to be in Coronado this Summer and she and her husband may very well be able to attend. He could ask ~~for~~ the invocation and benediction for the party. I should think the group that will meet could use all the benediction they can get after trying to drink the Mexican Village dry.

My family stays steady at one wife and three children. I hope we can keep it this way.

Good luck and best wishes at the reunion. I will try even harder to make the next one.

Very sincerely,

June 27, 1966

Dear Gang,

I'm sorry I can't make it to the 25th reunion but I hope most of the eighty-seven who graduated that memorable day in '41 are there.

Since our last reunion, I was carrying Gay Midori who will be 5 in October and will start school this fall. She has a sister, Jan Yuko, 2½. These are our children and not GRANDCHILDREN like some of you lucky ones are. We'd be lucky to live that long to see ours!

With Gay starting school this fall, we took a month vacation to make up for the fourteen years we'll be stuck at home. We went through nineteen States last month, taking our time and traveling about 300-400 miles a day taking in the sights of Utah, Arizona, New Mexico, Texas, Oklahoma, Kansas, Missouri, Illinois, Wisconsin, Minnesota, Iowa, Nebraska, Colorado, So. Dakota, Wyoming, Montana, Idaho, Nevada and California. We had wonderful weather all the way and we were usually on the road when it rained. Had a tornado scare in Miami, Okla. but it diminished that evening...It snowed in Yellowstone Park the day we were going in (May 22). The car slid twice on the road so we went the following day. It turned out to be a beautiful day and the whole area looked like Christmas. Old Faithful ~~blow~~ blew her top on schedule and we could see the vapor of the hot springs all along the road.

It took Mr. Borglum, 6½ years to carve the four presidents on the side of the cliff at Mt. Rushmore, So. Dak. He died a half year before it was completed and his son finished for him in 1941. Not only their faces but the eyeballs (pupil) and nostrils are carved into it.

We stopped in to see Alfred Fugio Mayeda (grad of 42 or 3) in Minneapolis. He's lost a little weight but he's looking fine. He lives with his wife, Penny, daughter, Cynthia, 16 and Glenn 14. He does advertising photography. He's planning to visit California next year.

Dropped in to see Minoru Hatada in Chicago. He's a bachelor and lives with his mom. He works for a body-fender firm and goes golfing every Sunday. He hasn't changed too much either---still has that big shoulder and arms he used for bucking through center in football.

If I'd known we were going through these States, I would of taken the addresses you compiled of our class.

Mieko (Meggie) Hatada Yokoi has opened a flower shop in the Fashion Village in the Crenshaw district in Los Angeles. Its called "Meggie's Flowers". Stop in and see her when you're out that way. The address is 3710 Santa Barbara Blvd., right behind Barker Bros.

I hope we hear how the outcome of the reunion was. I hope to see you in '71?

Sincerely,

Midori Koba Kaga

Hope some of you drop in

CHS '41 grads hold reunion

Saturday, July 30, was a busy day for the 1941 graduates of Coronado High School.

In celebration of their 25th anniversary reunion, a beach party was held at the Silver Strand State Park from 11 a.m. to 3 p.m.

The 40 people attending the beach party included graduates and their families. Graduates attending were Fred Sandermann, Bud Ingle, Mrs. Shelby Pittman (Betty Gene Henderson), John Burhans, Dr. John Mathewson and Mrs. Richard Gifford (Mary Omar, '40) all from Coronado.

Out of town graduates attending included Kenneth Kiefer, San Luis Obispo; Mrs. H. Sanford (Martha Kiefer '42), Santa Ana; Mrs. John Rinn (Enid Ball), Sunland; Mrs. Ann Baird Nuzum, Encinitas; Stuart Brown, Canoga Park; Mrs. Paul Innis (Laura Jane York), San Diego and Mrs. Cushman Dow (Betty Burrow), La Jolla. Mrs. Dow was the school Beauty Queen in 1940 and 1941.

Later a no-host dinner was held at the Mexican Village. The dinner was presided over by Student Body President Fritz Sandermann and John Mathewson, senior class president, who were

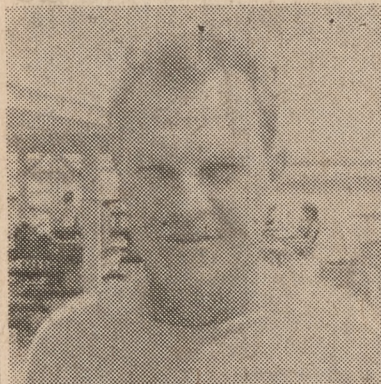

assisted by Stewart Worden, "most popular boy."

It was remembered that the 1941 football team was the Metropolitan League Champion — the first championship team since 1932. Oceanside won the honor of being the only league team to score on the Islanders that year.

27 people attended the dinner. Graduates attending the dinner, but not the picnic, were Mr. and Mrs. Arthur Blaisdell, Class of '40 (Rosemary Scoffield) of Coronado; Dr. Scott Daubin of Santa Barbara, Mrs. John Willson (Phyllis Iannucci) from El Cajon, Graham Scott from Carmichael, Mr. and Mrs. Richard Cross (Nancy Spicer '44) from Orange, Mrs. Jean Wisener (Joanne Cross '44) from Yuma, Arizona; Stewart Worden from El Cajon and Mrs. Graham Kelly (Julie Ferguson) from San Diego.

There were 85 in the graduating class. Addresses have been found for 69, and it is known that four members of the class have passed away. The class would still like to locate the remaining 12.

The 25th reunion was such a success that it was decided there should be another in five years.

Dear Betty Gene:

I am truly sorry to have missed the anniversary reunion, and being so close. But my teaching load was so heavy this summer, and we are carrying out archaeology at two different historic sites that I have been under a real grind day and night.

My address is either 3904 Southview Drive, San Diego 92117, or
College for Men, Box 117, University of San Diego, Alcala Park, 92110.

I am an Assistant Professor of History

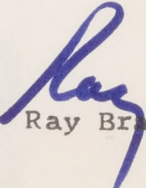

Wife's Name: Irma Montijo Brandes

Children: Elena Maria, 10; Elisa Anne, 10; Laura Raquel 5; Ramon Antonio, 4; Claudia Renee, 2; Marta Denise 4 months.

No grandchildren thank you

I don't have any addresses of any other classmates you don't already have, and no longer have anyone in Coronado as a contact.

Thanks for the information; if you put out something soon on the class please include me on the list.

My dear Mrs Pittman,

Your letter of last November was
received. Big me about the times
the painters arrived to do the interior
of the house - gum note disappeared
in the confusion but, of course, neither
Mary Ann or I could remember
your name now or the address.

So I am awfully glad you wrote
again - yes. Mary Ann is my
daughter and she is now Mrs

I am so sorry she missed the
reunions and it was very kind of
you to think of her again.

Dear Betty Gene,

I was awfully sorry I couldn't attend CHS' 25th anniversary reunion - I fully intended to - but things have been happening at a break-neck speed at our house - mainly, our second son, Steve broke his foot a couple of days before the 31st and we were afraid of his getting sand in his cast - also, we are trying to get ready for a vacation at the end of this week and we sorely miss his 16-year-old strength in stowing camping gear, etc.

Here's the info you requested -

Address: 4130 Panorama Drive,

La Mesa (actually county -
La Mesa is just the mailing
address - we live between
La Mesa and Lemon Grove)

Occupation: Well now! I don't work -
I only have a husband and
four children, a bird &
seventeen thousand fish!

Husband's name - Lawrence (Larry) W.

McMacken

Occupation: Postal Clerk - and works
part-time for a printer

UNIVERS

Children & Ages: Mike, 18½ (graduated
this year from Monte
Vista High - sure makes
me feel old!)

Stephen (Steve) 16 - a junior
next year

Scott - 13 - the family
"character"

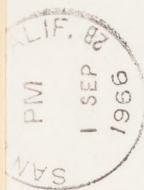

Anne - 10 - It took a long
time, but we finally
had her - and she's
a "dall."

Grandchildren & Ages: You mean - some of
"us" are grandparents?
wow!

I'm afraid I don't see, or hear from
any of our classmates - I used to keep track
of Phyllis D'Annunzio, but she's had
marital troubles and I've "lost" her.

As to contacts in Coronado - I imagine
my mother will be there until she
dies - on the other hand, I expect we'll
be here until we die. In any event -
I'm writing your address in my address
book - and if we do move at a later date
I'll send you the new address - OK? I
do hope to see everyone sometime.

The enclosed dollar isn't very much
for all the work you've done - I'll try to
send more later - in fact, I feel this helps
a little, for the last time (1961) - so, I'll try

catch up on my "installment" payments
when you send the next list (I assume you
are mailing a list?)

Well, Betty Gene, that's about it -
except for a suggestion that'll cause
you more work - any idea what's
happened to our teachers? - I know
some have passed away - Mr. Burge
is (or was) in San Diego - I saw him
once - I've thought so often of many of them
- Mrs. Woodruff - Mr. Reese (what a mad
crush I had on him!) - Mr. Ptacek, etc.

One of these days when I go to see Mother
I'll take a little extra time and call
you and/or come see you -

Thank you, so much, for all the
work you've done - it's greatly
appreciated, though, for the most part,
it's been silently.

Sincerely,

Jeanne Merrett McMeekin

Dear Betty Gene,

The Brittain's have had another move so I thought I'd let you know of it. I'm now at the National War College at Fort McNair, Washington. We have bought a home in Washington as you can see. We still have just our 4 sons and I hope that is a finality. They are all very tall and red-headed: Tommy 15, Billy 12, Bruce 10, Bryan 7.

I enjoy hearing from you of class activities though I am far too far away to participate much.

Cdr. Behner retires at Naval Station

Cdr. Herbert C. Behner, Jr., San Diego Naval Station, executive officer, retired yesterday on completion of thirty years naval service.

Behner reported to the Naval Station, San Diego in July 1964 following a three and one-half year tour with the Naval Mission in Rio de Janeiro.

landscape with trees and shrubs; and has assisted in the planning which has tripled the population of the Naval Station complex.

He enlisted in the Naval Reserve in 1938 and was called to active duty in 1941. During World War II he served with Naval Aviation in the South Pacific Area, San Diego and Florida.

In 1947 he attended the Line School in Newport, R. I. after which he reported to the USS Wiltsie DD 716.

During the 1950's he served as commanding officer of the USS LSMR 412, the USS Hanna DD 449 and the USS Boyd DD 544, as operations officer on the Staff of Transport Division Eleven, and shore duty at the Fleet Sonar School, San Diego, and NAD, Oahu, Hawaii.

Cdr. and Mrs. Behner, both Coronado High School Alumni, live in Coronado and plan to make their home here.

They have two sons, Mike, a senior at San Diego State, and Keith, SK3, USNR, who recently returned from Vietnam. Their daughter, Jill, attends Coronado High School.

Cdr. Fred L. Thomas assumed the duties of NavSta Executive Officer on November 1.

38 Captains Are Nominated For Rear Admiral Posts

Thirty-eight Navy captains, including two now stationed in San Diego and others who have held commands here in recent years, were nominated by President Johnson yesterday for promotion to rear admiral.

The promotion list included the names of Capt. William H. House, former skipper of the carrier Oriskany and now chief of staff to the commander of the 1st Fleet, and Capt. James D. Ramage, who is on the staff of the commander of the Pacific Fleet Naval Air Force.

Another is Capt. Kenneth C. Wallace, commanding officer of the nuclear cruiser Long Beach, who is the son of retired Capt. and Mrs. Kenneth R. R. Wallace of Coronado. The younger Wallace, a graduate of Coronado High School, now is aboard the Long Beach operating off Vietnam.

WAS KENNEDY AIDE

Capt. Tazewell T. Shepard, Jr., who served as naval aide to President Kennedy, also is on the list. Shepard was relieved May 21 as commander of the amphibious assault ship Princeton, based at Long Beach, and now is with the Naval Air Systems Command in Washington.

The promotion list was released by the White House as the Senate Armed Services Committee took action on a number of military promotions submitted earlier by the President.

The committee gave tentative approval to the nomination of Adm. Thomas H. Moorer to succeed Adm. David L. McDonald as chief of naval operations. The full Senate is expected to act on the nomination next week.

Among promotions approved by the committee was that of Maj. Gen. Robert E. Cushman Jr., former commander of Camp Pendleton, to add a third star as commander of the III Marine Amphibious Force in Vietnam, succeeding Lt. Gen. Lewis W. Walt.

LED SELECTION BOARD

Moorer, now supreme allied commander in the Atlantic, was president of the flag selection board which recently picked 33 captains from the unrestricted line and five from the restricted line for nomination to rear admiral. The President's nominations are based on these selections.

House, 49, was commander of the Oriskany from March, 1964, to March, 1965, and served on the staff of Carrier Division 9 before becoming chief of staff

to Vice Adm. B. F. Roeder, commander of the 1st Fleet.

He is a 1940 graduate of the Naval Academy, and won the Navy Cross, Silver Star, Distinguished Flying Cross, and other decorations as a carrier pilot in the Pacific during World War II.

Ramage, 50, only recently received the Legion of Merit, the Vietnamese Cross of Gallantry and the National Order of Vietnam for his service as chief of staff and strike coordinator for the attack carrier strike force in the 7th Fleet.

JOINED SHINN'S STAFF

He returned from the Western Pacific in March to join the staff of Vice Adm. A. M. Shinn, the naval air force commander at North Island. Now a resident of Coronado, he is not related to Vice Adm. Lawson P. Ramage, former commander of the 1st Fleet here.

Wallace, 46, is one of the youngest on the promotion list. He is a 1942 graduate of the Naval Academy, having spent part of his boyhood in Coronado while his father held Navy commands here. The elder Wallace retired from active duty in 1947, and he and Mrs. Wallace live at 1127 Flora St. in Coronado.

Also tapped for flag rank is Capt. Martin D. Carmody, 49, who commanded the San Diego-based carrier Kitty Hawk from May, 1965, until July, 1966. Carmody and his wife, Barbara, were married in San Diego last June 13, the day his carrier returned from a combat deployment to Vietnam.

SERVING IN D.C.

Carmody has been serving in the headquarters of the Naval Air Systems Command in Washington since leaving the Kitty Hawk.

The list also included Capt.

Sam H. Moore, who commanded the San Diego-based cruiser Chicago in 1965-66 and now is at the Naval War College at Newport, R.I.; Capt. John B. Davis Jr., who was here as commander of Destroyer Division 7 until he joined the staff of the Atlantic Fleet commander last year, and Capt. William R. Another is Capt. Kenneth C. Wallace, commanding officer of the nuclear cruiser Long Beach, who is the son of retired Capt. and Mrs. Kenneth R. R. Wallace of Coronado. The younger Wallace, a graduate of Coronado High School, now is aboard the Long Beach operating off Vietnam.

Both James - Last seen in graduation in 1941. Knew she got married in Spring of 1942 but that is all.

Dorothy Corn - Went swimming with her one day in Crenapolis in 1947 and have not seen her since.

Claire Young - Not seen since graduation.

Servy Holins - Not seen since graduation.

I did see Richard Cross briefly in the Spring of this year. I believe he works for an aircraft company in L.A. area and has quite a respectable position.

The only Christmas cards we still exchange with classmates are the Graham Scotts and Mrs. Carlo (Bob's mother)

I'm not sure whether or not I have met your family but I will the next time we live in Colorado and I hope that is soon. In the mean time best wishes to you all and I do look forward to your next class of '41 graduates.

Dear Betty Gene and Shelley,

Many many thanks for your card with its welcome note. We seem to be back in Britain again and are quite happy here. Our oldest daughter is a junior in high school here and says it is not nearly as much fun as C.H.S. must have been.

I'm sorry but in the 11 short months I was in Colorado during '64 and '65 I didn't get a chance to see you. Our ties with Colorado unhappily grow weaker and weaker. My mother died in Aug. of '66 and my father is now too senile to live by himself so he lives with Mildred and her husband in Clifton Forge, Va. We still own the house at 727 J Ave but no one lives there now. My brother, Skip, is probably going to sell it or rent it. Life still seems to be treating us quite well. Our children Keira 15, Miles 12, and Helen 11 are all healthy and if they are delinquents I don't know about it. My wife goes on as ever. My job is again working with Royal Navy submarines which I enjoy.

To answer your questions:

- (1) My address for the next two years is as shown on the outside of this letter.
- (2) I ~~do~~ last saw the people you mention as follows and don't know any of their addresses now.
 - a. John Waters - Was a 1st Lieut. USMC in 1948 and was an usher in an wedding at Annapolis in May of '48.
 - b. Tod Morcott - Last seen attending U. of C. Berkeley in 1949 or 1950.

Cdr. Behner retires at Naval Station

Cdr. Herbert C. Behner, Jr., San Diego Naval Station, executive officer, retired yesterday on completion of thirty years naval service.

Behner reported to the Naval Station, San Diego in July 1964 following a three and one-half year tour with the Naval Mission in Rio de Janeiro.

The commander has participated in many changes and additions to the station, among them construction of the new barracks and BOQ; opening of the Scuttlebutt Club for Petty Officer Third Class and below; implementation of the Beautification Program which has improved the

CDR. HERBERT C. BEHNER

landscape with trees and shrubs; and has assisted in the planning which has tripled the population of the Naval Station complex.

He enlisted in the Naval Reserve in 1938 and was called to active duty in 1941. During World War II he served with Naval Aviation in the South Pacific Area, San Diego and Florida.

In 1947 he attended the Line School in Newport, R. I. after which he reported to the USS Wiltsie DD 716.

During the 1950's he served as commanding officer of the USS LSMR 412, the USS Hanna DD 449 and the USS Boyd DD 544, as operations officer on the Staff of Transport Division Eleven, and shore duty at the Fleet Sonar School, San Diego, and NAD, Oahu, Hawaii.

Cdr. and Mrs. Behner, both Coronado High School Alumni, live in Coronado and plan to make their home here.

They have two sons, Mike, a senior at San Diego State, and Keith, SK3, USNR, who recently returned from Vietnam. Their daughter, Jill, attends Coronado High School.

Cdr. Fred L. Thomas assumed the duties of NavSta Executive Officer on November 1.

38 Captains Are Nominated For Rear Admiral Posts

Thirty-eight Navy captains, including two now stationed in San Diego and others who have held commands here in recent years, were nominated by President Johnson yesterday for promotion to rear admiral.

The promotion list included the names of Capt. William H. House, former skipper of the carrier Oriskany and now chief of staff to the commander of the 1st Fleet, and Capt. James D. Ramage, who is on the staff of the commander of the Pacific Fleet Naval Air Force.

Another is Capt. Kenneth C. Wallace, commanding officer of the nuclear cruiser Long Beach, who is the son of retired Capt. and Mrs. Kenneth R. R. Wallace of Coronado. The younger Wallace, a graduate of Coronado High School, now is aboard the Long Beach operating off Vietnam.

WAS KENNEDY AIDE

Capt. Tazewell T. Shepard, Jr., who served as naval aide to President Kennedy, also is on the list. Shepard was relieved May 21 as commander of the amphibious assault ship Princeton, based at Long Beach, and now is with the Naval Air Systems Command in Washington.

The promotion list was released by the White House as the Senate Armed Services Committee took action on a number of military promotions submitted earlier by the President.

The committee gave tentative approval to the nomination of Adm. Thomas H. Moorer to succeed Adm. David L. McDonald as chief of naval operations. The full Senate is expected to act on the nomination next week.

Among promotions approved by the committee was that of Maj. Gen. Robert E. Cushman Jr., former commander of Camp Pendleton, to add a third star as commander of the III Marine Amphibious Force in Vietnam, succeeding Lt. Gen. Lewis W. Walt.

LED SELECTION BOARD

Moorer, now supreme allied commander in the Atlantic, was president of the flag selection board which recently picked 33 captains from the unrestricted line and five from the restricted line for nomination to rear admiral. The President's nominations are based on these selections.

House, 49, was commander of the Oriskany from March, 1964, to March, 1965, and served on the staff of Carrier Division 9 before becoming chief of staff

to Vice Adm. B. F. Roeder, commander of the 1st Fleet.

He is a 1940 graduate of the Naval Academy, and won the Navy Cross, Silver Star, Distinguished Flying Cross, and other decorations as a carrier pilot in the Pacific during World War II.

Ramage, 50, only recently received the Legion of Merit, the Vietnamese Cross of Gallantry and the National Order of Vietnam for his service as chief of staff and strike coordinator for the attack carrier strike force in the 7th Fleet.

JOINED SHINN'S STAFF

He returned from the Western Pacific in March to join the staff of Vice Adm. A. M. Shinn, the naval air force commander at North Island. Now a resident of Coronado, he is not related to Vice Adm. Lawson P. Ramage, former commander of the 1st Fleet here.

Wallace, 46, is one of the youngest on the promotion list. He is a 1942 graduate of the Naval Academy, having spent part of his boyhood in Coronado while his father held Navy commands here. The elder Wallace retired from active duty in 1947, and he and Mrs. Wallace live at 1127 Flora St. in Coronado.

Also tapped for flag rank is Capt. Martin D. Carmody, 49, who commanded the San Diego-based carrier Kitty Hawk from May, 1965, until July, 1966. Carmody and his wife, Barbara, were married in San Diego last June 13, the day his carrier returned from a combat deployment to Vietnam.

SERVING IN D.C.

Carmody has been serving in the headquarters of the Naval Air Systems Command in Washington since leaving the Kitty Hawk.

The list also included Capt.

Sam H. Moore, who commanded the San Diego-based cruiser Chicago in 1965-66 and now is at the Naval War College at Newport, R.I.; Capt. John B. Davis Jr., who was here as commander of Destroyer Division 7 until he joined the staff of the Atlantic Fleet commander last year, and Capt. William R. McClen- don, a former skipper of the San Diego carrier Bon Homme Richard, now with the Bureau of Naval Personnel in Washington.

Dear Betty Gene,

Well here I am at long last. I know I should have written long before this, in reply to your letters.

As you see I have my own business which is supplying custom tied fishing flies to the T.V. and movie people principally. I know and have met many of them in the years since I went into my own business. They like most of us are a bit wacky but very particular. It is fun and I like it.

We have no children. My wife Ruth is Supervisor of Surgery at Pomona Valley Community Hospital in Pomona. We will be married 25 years this Sept. 18.

We love the outdoors and go fishing every time we have a spare moment. We live in the San Gabriel mountains at 4500 feet elevation have all 4 seasons. We get snow up to 3 feet in the winter and the average rainfall is 28 inches.

About Our Flies

Mac's Flies have been developed over the last 15 years. They are known throughout the country as products of the highest quality.

The location of our shop, in the mountains of Southern California puts us near the fine fishing in California's Sierra region as well as the well known Northern California Rivers. With this testing ground near by, as well as several trips annually to the Wyoming-Montana area we feel that every fly which we offer is of superior effectiveness for some specific condition. If any better fly patterns exist we will find, test, and then add them to our lists.

Our flies are tied to your special order, as in this way, we can give you your individual requirements.

To newcomers to fly fishing we will tie our standard fly if you have not decided as yet on any special requirements.

If you are in doubt as what to order for a certain area, just leave it up to us. For the last twenty years we have been making notes as to which flies are best for various parts of the country. Just let us know where you plan to fish and for what kind of fish and we can supply the right flies. Be as specific as possible, ie, assortment of wet flies and streamers for Yellowstone River, or dry flies for the Owens River in the Sierra, etc.

Wulff Dry Flies

For superb floating, great durability, and amazing attractiveness to trout these flies are unsurpassed. They make dry fly fishing easy as most of the work in keeping the fly floating is eliminated.

Dear Betty, Gene, Shelby - girls -

Have been meaning to write
and thank you for the list of
names + addresses. It was so
interesting to read - Last trace
of Charlotte de Garmes years ago -
The strange part of list is that
there are two Coronado grads living
in I. H. B. And also Ed has a
son who is a senior at Satellite
High school + will be graduating
with our Kathy this year. Ed
lives in what we refer to
the rich area of I. H. B. All
the homes are in the \$40,000 bracket
or above - each has its own dock
for a boat. Ed is a pathologist.
Haven't called him, as I really
didn't know him that well + haven't
had an occasion to use his
services yet, Thank goodness!

Thanks too for the anniversary
card. But is 19 years instead of 18!

I greatly appreciate the list of
'41 current names and addresses.
I'm sure all of us understand the
work you have put into this effort
and we are pleased. I'm enclosing

that will defray a few costs.

I can't offer much help on the

Must make Kathy legal, you know!

We are all well here -

My folks seems to be doing well.
We hear from Mom via letter almost
every week. Margie's boy is going
to Serrua College, but have a feeling
he will be drafted soon. Jane is
working for the State. Don't know
exactly what she is doing - but
it's office work of some kind.

Tom & Ricky are starting little
~~league~~ league again this year. So
now starts a hectic time, with
practice & games etc etc. Oh well,
they enjoy it - Steve is doing
so well at the Seminary. We
haven't seen him since Xmas.
He should be home for Easter
vacation.

Before I forget, we moved
the week between Xmas & New
Years. The house we were in
was being sold, so we had to
move. We are in a 4 bed-room

Family room home now - much larger & it's in a lovely location - only 2 blocks from school & 2 doors away from the I.H.B. rec. center. They have a swimming pool & all the rest that goes with recreation center. It really makes it nice, as we only have one car & Paul takes that every day. So now the kids can walk everywhere.

We have had a very cold winter this year. But today is beautiful - about 75° out - But we do need rain, everything is so dry.

I guess the teachers strike has been settled. It didn't affect our kids - as their teachers stayed in school. All except Kathy's art teacher - he walked out - She was crushed - she has learned so much from him - but we heard today that he will be

Dear Betty Gene

We just are now returning to normal after a somewhat hectic month of March — hence, the delay in answering your letter. Bill Masek had written from England trying to track me down for you, too. What a project you have cut out for yourself!

It's a shame, but we were in Coronado for a year's duty — summer of '65 to '66 — Bert had W.S.S. Ester. We loved every minute of that year, even when he was at sea — can't say that for many places on this old globe. Matter of fact, the Coronado paper had a write-up about my return to the old home town — first time I've ever gotten top billing in my life. It was a thrill. If I had known about you and your project we could have had some great visits. Ah well, next time — if I get lucky enough to return to California.

Lets' see you'll want some information

a help to me because my french was practically non-existent. If you'll remember, as a student I was always low man — I certainly haven't improved through the years. I have the distinction of having flunked 5 first year courses in French. My only excuse is that we would go off on a trip and I'd have to start all over again. I can sure say hello and goodbye in french, though. ~~They~~ The merchants and I would manage through tears of laughter at my pronunciation, to get along — but socially, I couldn't get passed the weather. It was all a great and fascinating three years. Bert's ^{1st} job was at SHAPE and his title (steel yourself) was Com Strick & Lt Lant Rep Eur. The next two years were in Paris at NATO as Sac Lant Rep Eur.

Hope this fills in a blank spot in your records. Please don't tell Mr. Burge, who I understand still teaches English at CHS what horrible and rambling letters I write — he'd be horrified

We have our dog "Puffy" the Cat "Moose" and Mr & Mrs Puffy "Ducks".

I am still working, but only because I just couldn't stand being home all day long.

Thanks so much for keeping in touch. Sorry but I don't know the whereabouts of any of the people you asked about a mere one year ago! If I run into any of our notable class will let you know.

Our two girls are growing like weeds, and we are growing muddled - why didn't anyone tell us how hectic life is at this time! Our daughter Sally is a sophomore at Washington Lee High School in Arlington, an A student and wants to be a lawyer! We'll see.

Our daughter Lucy is in 5th grade, an A student and the most gung-ho girl scout I've ever seen! (over)

MERRY CHRISTMAS TO ALL OF YOU WHOM WE MISS VERY MUCH

We are grateful to know that some of you really read these Christmas letters for we get a "feed-back" from a goodly number who obviously have taken the time in a hectic season to digest the patter we print. We also read your letters and cards and in this way we keep in touch.

The year 1968 was not so exciting as 1967 because we had no college graduation nor wedding in the family. But it was interesting in many ways and we are all well and happy here in the picturesque mountain village that is Clifton Forge.

The year started off when the Parson took a three-weeks trip to Brazil with a group of ministers who visited the mission fields there. He came back a missionary himself, with deeper insights and a renewed concern for the challenge for the Church in the world today. He spent two unusual weeks with Bob Camenisch and Bob Pate two former Marine pilots, now missionaries, in flying about visiting the frontier missions in central Brazil. Then a few days being debriefed in Rio. . . and Copacabana Beach. . . before coming back with slides and the story to tell.

Meanwhile, back at the Manse the brave little wife was carrying on. As we said last year, her father is with us now. He is CDR William Masek, a retired naval aviator, and between the two of them they run a taut ship. Her father, whom we call Grumpy, didn't feel up to taking our vacation to the Smokies this summer but we had a fine eight days there at the Deep Creek Campsite. It was one where we did nothing but rest.

Now to the kids. Sue, our younger daughter, is a junior at Mary Baldwin and was given the honor of serving on the Committee to select a new President for the College. She keeps us young by bringing in any number of her classmates for a weekend at anytime and often the only available bed is the rug. But it is fun and our dog, Nick, enjoys it most of all.

We used to call our son "little James" but no longer. He has now reached 5' 10" and surpasses everyone but Dad in height, which may take another year. He just made the 8th grade basketball team and is in 7th heaven. Otherwise he is just growing in every way (including the honor roll this last report). He just completed work for the God and Country Scout award too, which means that his mother has to pin it on him in church someday.

Carol Stephens Trice, our elder daughter, and her husband, Andy, are living in Charlottesville. It worked out kinda funny but good. They went to tell his folks goodby, as he was being drafted. But while there he was given a job teaching in the local high school. . . .and deferred! So it worked out perfectly and they now live near his parents. The only drawback is that you can guess who ended up with their two cats.

So that's it. Have a wonderful Christmas and a good year in 1969. The world condition convinces us more every day that the answer to man's problems lies in Him Who came at Christmastime. . .and still does come to all who will listen for His coming.

The Stephenses

My husband is with Lee in Arlington & we are active in a local Unitarian church and I am on the Arlington County Democratic Committee (which isn't very popular this year!) Was a delegate to the state (Va) Democratic Convention this summer as well as the one in 1964. Virginia politics are almost as interesting as California ~~ones~~ ^{politics!}

Just subtracted '68 from '41 & realized with a shock that it's 27 years since we graduated— isn't that incredible! I still feel 18 even though 27 years show physically! You're wonderful to try and keep in touch with our class. The older I get the more I think our generation was a pretty good one! Best wishes for a Happy Christmas to you and your family.

Jan 1 1969

William Crossland Pickford, prominent yachtsman and hotel executive and a former Coronado city councilman, died yesterday of cancer in a Washington, D.C., hospital. He was 43.

He was educated both in the East and in California before serving in the Army Air Force from 1942 to 1945. Roesch Resigns At Old Globe For USIU Post

William Roesch, associate director of the Old Globe Theater since 1962, yesterday announced he will resign Aug. 1 to become a fulltime faculty member at the United States International University's School of Performing Arts.

Roesch has taught part-time at USIU for two years while continuing to direct productions for both the main Old Globe stage and the adjacent Cassius Carter Center Stage, formerly the Arena in Falstaff Tavern. He will teach advanced acting and will direct major productions of both theater and opera at USIU.

Roesch has directed more than 40 major productions during his seven seasons with the Old Globe. Last year he received the theater's Atlas Award for his direction of "Caesar and Cleopatra." His current production, "Spoon River Anthology," will play through July 27 at the Cassius Carter Center Stage.

Old Globe Producing Director Craig Noel said Roesch will be a guest director at the Old Globe during the 1969-70 season.

John Thompson, President Of Savings, Loan Firm, Dies

John Douglass (Jack) Thompson, 60, of 721 Bush St., the president of San Diego Federal Savings and Loan Association and a prominent civic leader, died last night. He had suffered a heart attack at his home earlier in the day.

Community Services fund drives and Red Cross campaigns.

He was a director of the Chamber of the Commerce, the Hillside Hospital and Fiesta del Pacifico.

Thompson was chairman of

book on how to plan land development.

He also served on a state Senate committee's advisory committee on land development.

The committee studied all phas-

to do with the fact he is not active in sports for the first time in years. He was too small for the football team (which is his favorite sport) and he got cut also when he tried out for wrestling and swimming. He is quite athletic but too lazy to spend the time practicing to be good enough for a team. Maybe he'll try harder next time. We enjoy and like our children though and feel so fortunate that they have gotten along so well so far.

I had a rather idle life - occasionally I play golf, do some volunteer work with Headstart, some churchwork and that is about it. As a result I'm 20 pounds heavier but happy.

I do want to thank you for the thoughtful birthday, anniversary and Christmas notes

you send. This summer I saw Bea Nash Cabell several times - we were attending the same dialogue groups. She looks fine, has a lovely home and nice husband and children.

I was sorry to hear about your father's death. I remember him well - especially when he gave me my diploma.

Well, Betty Jane, I still keep hoping to make a trip out there and if I do you are one person I hope to see. Do let me hear from you. Happy new year to you all.

Hi Folks

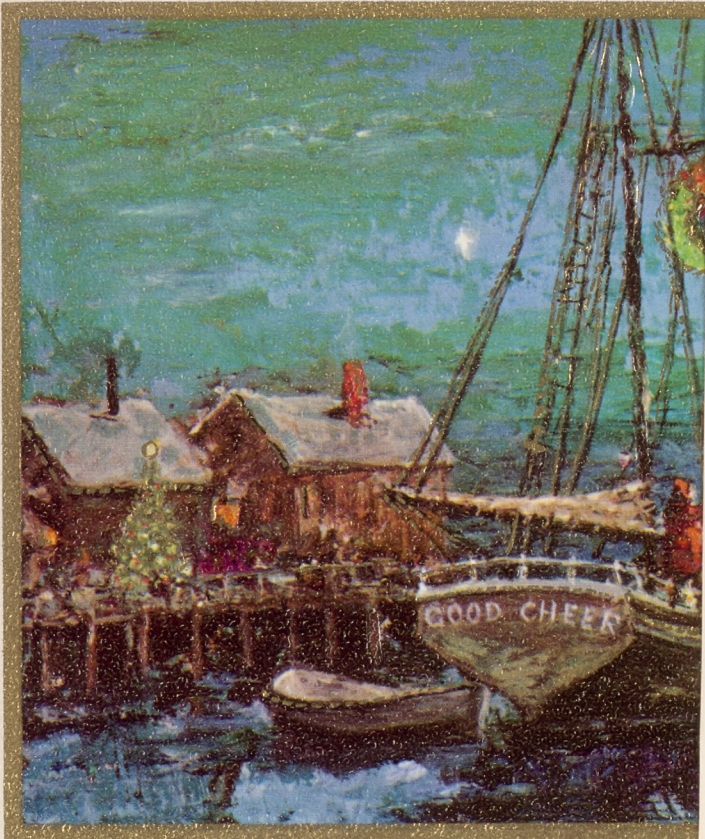

Well its that time of the year again and I am running out of time - so am writing the same letter to all -

We are all fine - We will all be together for Christmas this year except Kenneth, he is in the army and in Viet Nam with the 71st Artillery. Stenen is a Junior this year and doing very well in school. Wayne is out of the Navy and here until about the 15th of January and then he is going back to California to live - either around Los Angeles or San Francisco. Carol and her husband Joe live close by. He is a school teacher and she is a Dental assistant. They have been married two years now.

I am back at work again after having a hysterotomy this year and am doing just fine - maybe a little fatter. Edward hurt his arm last month and has to go for a skin graft on January 5th guess he will be off work for about 12 weeks - We are going to start off the New Year with a bang. Hope this finds all of you well and looking forward to the holiday season -

Christmas 1969

Dear Betty Gene,

Received your card yesterday - how clever you are with your artistic abilities.

Tom is working for Grumman Aircraft here on Long Island. We're about 50 miles from the city living in a pleasant area.

Well I'm a mother-in-law now. Our youngest daughter Barbara (18) was married Nov. 30 to a ~~lousy~~ boy she's been going with for $2\frac{1}{2}$ years whom we like very much. He is a student at VPI so they will be living there.

Susan our oldest is a junior at Mary Baldwin College and after graduating will enter seminary as a candidate for the ministry.

Margaret is a sophomore at E.C.U. and majoring in French and hopes to go into U.N. or foreign service work.

Tommy is getting along real well here in sports and academically so all are well & happy.

It's good to hear from you.
Love
